are no assurances that any future phase will be added to the Resort Facility. However, Developer will not convey any Timeshare Interest in a future phase of the Resort Facility until such phase has been added to the Resort Facility by an amendment to the Declaration. Moreover, Developer reserves all rights, in its sole discretion, to vary the phasing plan with respect to physical boundaries of each phase, the plot plan, all floor plans for the Units including the types and sizes of the Units, and the total number of Units to be contained in the Timeshare Plan, as well as in each additional proposed phase, and any facilities with respect to each subsequent phase. Developer shall have no obligation or duty to notify Owners of the decision not to submit one or more of the additional proposed phases to the Timeshare Plan.

The impact which the completion of subsequent phases will have on prior phases will be to increase the number of Units and the number of Owners. The allocation of Common Expenses among the Owners following the addition of a phase to the Resort Facility will be accomplished in the manner for levying Assessments as set forth in Section 6 hereof.

The Association shall own the Common Furnishings located in the Units, and the Association shall include the cost of maintaining and replacing such items as a part of the Common Expenses.

The Calypso Vacation Club contains only one component site, which is Calypso Cay Vacation Villas. The Developer shall not add any additional component sites to the Plan.

The Club Manager operates and manages the Reservation System through the Club Rules. The Club Manager has the right to amend the terms and conditions of the Club Documents, including, the Club Rules, from time to time as set forth therein. Purchaser should consult the discussion below regarding the Reservation System.

Developer shall offer for sale and convey to each Owner by special warranty deed a Timeshare Interest consisting of an undivided tenant-in-common fee simple interest in a specified phase of the Resort Facility. The ownership interest of each Owner conveyed by the Deed shall be expressed as a fraction and shall be undivided from the Timeshare Interests of other Owners in the same Phase. Each such Timeshare Interest is coupled with the right to occupy a Unit pursuant to the Plan as described herein. Each Owner shall obtain occupancy and shall pay its proportionate share of Assessments and ad valorem property taxes determined on the basis of the fractional ownership interest allocated to such Owner. All Timeshare Interests within a phase of the Resort Facility shall have been conveyed when the sum of the fractional undivided tenant-in-common fee simple interests conveyed therein shall equal the whole number one (1).

Each Deed shall assign to the Owner a specific Week during the calendar year as the Assigned Week. With regard to such Assigned Week, the Owner of the Timeshare Interest shall have a priority to reserve occupancy in a type of Unit at the Resort Facility during the Priority Advantage period. The type of Unit to which the reservation priority applies shall correspond to the size of the Timeshare Interest purchased as discussed below, or to a lesser sized Unit. Such reservation must be made through the Reservation System of the Club pursuant to the Club Rules. If the Owner does not exercise such Owner's rights under the Priority Advantage to make a reservation for the Assigned Week during the Owners Exclusive Reservation Window, then

such Owner's occupancy rights associated with the Timeshare Interest owned shall be converted to Club Points in accordance with the Club Rules.

The Assigned Week shall begin and end on the Turnover Day. The Turnover Day for Phase I shall be Sunday. The Turnover Day for Phase II shall be Saturday. The Turnover Day for Phase V shall be Saturday. The Turnover Day for Phases VI and VII shall be Friday. The Turnover Day for any of the future phases may be different.

The Club Points into which the occupancy rights associated with the Timeshare Interest of an Owner are converted pursuant to the Club Rules shall be affected by several factors including seasonality, the size of the fractional ownership interest and other factors as described in the Club Rules.

The Deed shall also indicate whether the Timeshare Interest is an Annual Ownership Interest or a Biennial Ownership Interest. Each Owner of an Annual Ownership Interest receives annually on a recurring basis during the Reservation Year the right to request a reservation for occupancy in Accommodations of the Club in accordance with the Club Rules. Such reservation right shall entitle the Annual Owner to request a priority reservation in a Unit of the Resort during the Priority Advantage period of each Reservation Year. Each Owner of a Biennial Ownership Interest receives on a recurring basis during the Reservation Year occurring every other year the right to request a reservation for occupancy in Accommodations of the Club in accordance with the Club Rules. Such reservation right shall entitle the Biennial Owner to request a priority reservation in a Unit of the Resort during the Priority Advantage period of the Club during the Reservation Year every other year. The Deed of a Biennial Ownership Interest shall indicate whether the Owner of such Timeshare Interest has occupancy rights during Odd Numbered Years or during Even Numbered Years. According the Club Rules, which should be consulted for more details, the Assigned Week determines the end of the Reservation Year which is the one year period during which the Owner of the Timeshare Interest can confirm a reservation for a Use Period.

The fractional interest specified in the Deed shall correspond to the type of Unit of the Resort Facility to which the Owner shall have priority rights during the Assigned Week. An Owner shall not have a priority right to occupy any particular Unit of the Resort Facility during the Assigned Week pursuant to a reservation made in accordance with the Priority Advantage, but rather shall have such priority right in the same type of Unit as indicated by the fractional interest conveyed. The differentiation between the types of Units and also whether the occupancy rights are annual or biennial is indicated by the size of the fractional interest conveyed and may vary with each phase of the Resort Facility.

For Timeshare Interests conveyed in Phase I of the Resort Facility, the following fractions shall equate with the indicated type of Unit and the frequency of occupancy rights:

- A fractional interest of 8/11,440 shall mean an Annual Ownership Interest in a Two Bedroom Lock-Off Unit.
- A fractional interest of 4/11,440 shall mean a Biennial Ownership Interest in a Two Bedroom Lock-Off Unit.

- A fractional interest of 10/11,440 shall mean an Annual Ownership Interest in a Three Bedroom Lock-Off Unit.
- A fractional interest of 5/11,440 shall mean a Biennial Ownership Interest in a Three Bedroom Lock-Off Unit.

For Timeshare Interests conveyed in Phase II of the Resort Facility, the following fractions shall equate with the indicated type of Unit and the frequency of occupancy rights:

- A fractional interest of 8/13,520 shall mean an Annual Ownership Interest in a Two Bedroom Lock-Off Unit.
- A fractional interest of 4/13,520 shall mean a Biennial Ownership Interest in a Two Bedroom Lock-Off Unit.
- A fractional interest of 10/13,520 shall mean an Annual Ownership Interest in a Three Bedroom Lock-Off Unit.
- A fractional interest of 5/13,520 shall mean a Biennial Ownership Interest in a Three Bedroom Lock-Off Unit.

For Timeshare Interests conveyed in Phase V of the Resort Facility, the following fractions shall equate with the indicated type of Unit and the frequency of occupancy rights:

- A fractional interest of 8/9,568 shall mean an Annual Ownership Interest in a Three Bedroom Unit.
- A fractional interest of 4/9,568 shall mean a Biennial Ownership Interest in a Three Bedroom Unit.
- A fractional interest of 6/9,568 shall mean an Annual Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 3/9,568 shall mean a Biennial Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 4/9,568 shall mean an Annual Ownership Interest in a One Bedroom Unit.
- A fractional interest of 2/9,568 shall mean a Biennial Ownership Interest in a One Bedroom Unit.

For Timeshare Interests conveyed in Phase VI of the Resort Facility, the following fractions shall equate with the indicated type of Unit and the frequency of occupancy rights:

- A fractional interest of 8/9,568 shall mean an Annual Ownership Interest in a Three Bedroom Unit.

- A fractional interest of 4/9,568 shall mean a Biennial Ownership Interest in a Three Bedroom Unit.
- A fractional interest of 6/9,568 shall mean an Annual Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 3/9,568 shall mean a Biennial Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 4/9,568 shall mean an Annual Ownership Interest in a One Bedroom Unit.
- A fractional interest of 2/9,568 shall mean a Biennial Ownership Interest in a One Bedroom Unit.

For Timeshare Interests conveyed in Phase VII of the Resort Facility, the following fractions shall equate with the indicated type of Unit and the frequency of occupancy rights:

- A fractional interest of 8/9,568 shall mean an Annual Ownership Interest in a Three Bedroom Unit.
- A fractional interest of 4/9,568 shall mean a Biennial Ownership Interest in a Three Bedroom Unit.
- A fractional interest of 6/9,568 shall mean an Annual Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 3/9,568 shall mean a Biennial Ownership Interest in a Two Bedroom Unit.
- A fractional interest of 4/9,568 shall mean an Annual Ownership Interest in a One Bedroom Unit.
- A fractional interest of 2/9,568 shall mean a Biennial Ownership Interest in a One Bedroom Unit.

Although a Biennial Owner does not have occupancy rights each year, each Biennial Owner does have the obligation to pay Assessments and ad valorem taxes each year. Additionally, a Biennial Owner has voting rights and other rights as an Owner and member of the Association every year as set forth hereinafter. The annual obligation to pay Assessments and ad valorem taxes and enjoy other aspects of ownership for a Biennial Owner is one-half of the amount for an Annual Owner with priority occupancy rights pursuant to the Priority Advantage in the same type of Unit.

The shortest timeshare period currently offered for sale by the Developer is one week, which means that a purchaser may purchase only Timeshare Interests which have coupled therewith occupancy rights which would entitle the respective Owners to reserve one week of

occupancy in an Accommodation during at least one season of the year pursuant to the Club Rules. Developer reserves the right to sell to purchasers Timeshare Interests which are allocated lesser occupancy rights.

Each phase of the Resort Facility is subjected to the Timeshare Plan by recording in the Public Records of Osceola County, Florida, the Declaration and amendments thereto specifically identifying such phase. Such terms, covenants and conditions of the Declaration runs with the land specifically described as the phase subject to it. Such Declaration establishes all the rights, restrictions and obligations, benefits and burdens of ownership for the property subject to it. For a more complete description of the Plan, please refer to the Declaration which constitutes an exhibit to this Public Offering Statement.

The addition of future phases and more Units to the Resort Facility as disclosed in this Public Offering Statement shall not constitute an amendment to the Declaration, this Public Offering Statement, or any of the other Club Documents which will materially alter or modify the offering in a manner that is adverse to a Purchaser. A Purchaser should not purchase a Timeshare Interest in the Resort if the addition of future phases and more Units to the Resort Facility would be considered by such Purchaser an event which will materially alter or modify the offering in a manner that is adverse to such Purchaser.

(2) The Reservation System The Reservation System is the method provided by the Club to enable each Member to utilize such Member's right to reserve a Use Period in Accommodations in accordance with the Club Rules. Notwithstanding that each Purchaser is conveyed a Timeshare Interest which is assigned a specific Assigned Week, all Owners at the Resort Facility must reserve occupancy through use of the Reservation System. The Club Rules provide for a Priority Advantage during the Reservation Year for the purpose of providing a Member with the opportunity during a limited period of time to exercise a priority right to reserve occupancy during the Assigned Week in a Unit whose size is determined by the size of the fractional interest conveyed. If all of a Member's priority reservation rights are not exercised in such manner, then the Club Rules provide that the Owner will be allotted Club Points to use during other Reservations Windows left in the rest of the applicable Reservation Year to request reservations in Accommodations in competition with other Members. Reservations are confirmed during such other Reservation Windows at all times on a first come, first served reservation basis. Club Points not used to make a reservation or access other Club benefits by the end of the applicable Reservation Year will expire.

Since reservations are confirmed on a first come, first served basis in all Reservation Windows other than pursuant to the Priority Advantage in the Owners Exclusive Reservation Window, the longer that a Member delays initiating the process of making a reservation, the less likely such Member will obtain confirmation of such Member's choice of available Use Periods. Early reservation may be necessary to reserve occupancy in certain Units at the most desirable times. The Reservation Year for each Member begins one year prior to the first day of the Assigned Week and ends on the day prior to the first day of the Assigned Week.

Members who are delinquent in the payment of Assessments, real estate taxes or other charges imposed by the Association shall not be entitled to confirm a reservation for a Use Period until such time as the delinquency has been remedied in full. Additionally, such

delinquent Members who have received a reservation confirmation may have their reservation canceled or their ability to occupy a Unit blocked until such time as such delinquency is remedied. With regard to any reservation blocked in accordance with Section 721.13(6) of the Act further discussed in Section 5.a(3) hereof, the Association shall be entitled, but shall not be obligated, to rent the reserved accommodations and set off the sums collected (net of expenses including commissions) against unpaid Assessments and other unpaid amounts.

**b. Common Expenses and Common Surplus**

An Annual Budget will be established each fiscal year by the Board of Directors of the Association and shall be funded by the levy of an Annual Assessment against the Owners of the Timeshare Interests. The Owners of Timeshare Interests shall also be responsible to pay any Special Assessments levied by the Board of Directors. The Annual Budget of the Association provides specific details as to each Owner's liability for Common Expenses. In addition to the Assessments, each Owner of a Timeshare Interest shall be obligated to pay ad valorem taxes with respect to such ownership of an interest in real estate.

The Common Expenses of the Association funded through the Annual Budget and the levying of Assessments shall include the costs to be incurred for the operation, management and maintenance of the Resort Facility including the Units, Common Areas and Common Furnishings, and also the Recreational Facilities, Association Property, Runaway Bay Clubhouse Amenities and the Timeshare Plan. The Revocable License sets forth the Revocable License Fees payable by the Association on behalf of the Phases V, VI and VII Unit Owners through the collection of the Phases V, VI and VII Specific Assessments. Annual Assessments shall be payable upon such date and in such manner as may be from time to time determined by the Board.

By virtue of holding title to a Timeshare Interest, each Owner agrees to pay the Annual Assessment, Special Assessments, ad valorem taxes and other amounts charged in accordance with the provisions of the Declaration, and in the event of non-payment consents to a lien against the such Owner's Timeshare Interest. Such lien is subject to being enforced through foreclosure in accordance with Florida law. The collection of Assessments and the enforcement of liens shall be the responsibility of the Association and the Management Company as its agent. In connection with the operation of the Reservation System, the Association may collect funds from Owners in advance from which to pay Assessments and ad valorem taxes in subsequent years for which Assessments and ad valorem taxes have not yet been established and levied. The Association and Management Company will hold such funds collected until the corresponding Assessment and ad valorem taxes are due and will then use such funds in payment thereof.

With regard to the Common Surplus, each Owner shall have an ownership interest in such Common Surplus in proportionate to such Owner's fractional ownership in the entire Resort Facility.

**2. CLUB MEMBERSHIPS AND RECREATIONAL LEASES**

**The Association must pay use fees for one or more facilities.**

See Section 5.c. below for information about the potential use of the Runaway Bay Clubhouse Amenities by certain Owners.

See the Developer's Cross Easement Agreement and Section 5 below for a more complete description of the shared parking and access provided in the Runaway Bay Entranceway and the Shared Parking Area.

There are no club memberships associated with the Resort Facility, except membership in the Calypso Vacation Club which is appurtenant to the ownership of a Timeshare Interest. The Club Dues which the Association is charged on behalf of the Owners as Members of the Club are incorporated into the Common Expenses of the Association which are charged to each Owner by the Association pursuant to the Annual Budget.

There are no recreational leases associated with the Resort. See Section 5 below for a discussion of the Recreational Facilities of the Resort.

### 3. **TERM OF PLAN**

The property interest owned by conveyance of a Timeshare Interest is perpetual. However, the Timeshare Plan established by the Declaration shall have a term of forty (40) years from the date of recording of the Declaration, after which time said covenant shall be automatically extended for successive terms of ten (10) years each unless during the last year of the current term, the Declaration is terminated by (i) the consent of the Owners entitled to cast seventy percent (70 %) of the total votes of the Owners in all phases then constituting the Resort Facility, (ii) the written consent of all Preferred Mortgagees (as defined in the Declaration) encumbering Timeshare Interests in the Resort Facility, and (iii) the consent of the Board also to such termination by a vote of three-fourths (3/4) of the entire Board. However, the Declaration and the Timeshare Plan may be terminated earlier by (i) the consent of the Owners entitled to cast eighty percent (80%) of the total votes of the Owners in all phases then constituting the Resort Facility, (ii) the written consent of all Preferred Mortgagees encumbering Timeshare Interests in the Resort Facility and (iii) the consent of three-fourths (3/4) of the entire Board.

In the event of the termination of this Timeshare Plan, the Resort Facility shall be deemed removed from the provisions of the Act and shall be owned in common by the Owners pro rata in accordance with their Timeshare Interest as provided in the Plan without regard to the phase in which an Owner may own an interest. Each Owner would continue to be responsible for his proportional share of Common Expenses. See Article XVIII of the Declaration for more detail.

### 4. **SITE ENTITIES AND OPERATIONS, JUDGMENTS AND LAWSUITS**

#### a. **Site Entities and Operations**

The Management Company shall be a separate entity which may be affiliated with the Developer. The Association is controlled by the Developer. Pursuant to Article XVII of the Declaration, control of the Association shall remain with the Developer until the sooner of Developer's election to transfer control to Owners other than Developer or such time as the Developer no longer owns a Timeshare Interest in the Resort Facility.

**There is a contract for the management of the Resort Facility with Timescape Management, LLC, a Florida limited liability company.**

The Association has entered into a Management Agreement with Timescape Management, LLC, a Florida limited liability company, whose address is 359 Carolina Avenue, Winter Park, Florida 32789, to be the Management Company for the management of the Resort. Pursuant to the Management Agreement, the Association has delegated its management, maintenance, and operation duties to the Management Company. The Management Company shall be paid a fee calculated pursuant to the Management Agreement. In accordance with the Act, the Management Agreement has an initial term of three (3) years and will automatically be renewed for successive three (3) year periods unless terminated earlier in accordance with Florida law. The Management Company may only be discharged by a vote of the Owners as provided for in the Act. In no event may the Association or the Board terminate the Management Company without such a vote.

The annual management fee will be fifteen percent (15%) of the total funds that are assessed against the Owners each year pursuant to the Annual Budget and any special assessments approved by the Board. All services procured by Management Company, regardless of source, shall be provided on a fee per service basis; provided, however, those services which cannot practicably be provided on a fee per service basis, as determined by Management Company in its sole discretion, will be provided on a cost basis. There are no provisions in the Management Agreement for increases in the percentage compensation to be paid to Management Company. A copy of the currently applicable Annual Budget, which includes the annual management fee, is attached to this Public Offering Statement as an exhibit.

(3) Contracts or Leases that may be Cancelled by Owners.

There are no service, maintenance, or recreation contracts or leases having a non-cancelable term in excess of one (1) year. The Association and the Management Company are

Developer has no actual knowledge of any outstanding judgments or pending lawsuits, consent orders or notices to show cause against the Developer, the Association or the Management Company which are material to the Timeshare Plan.

**5. RESORT.**

**a. Accommodations and Facilities and Restrictions on Use.**

**(1) Accommodations of the Resort**

As previously indicated, the Resort Facility has been developed in phases (and additional phases may be added in the future). Phases I, II, V, VI and VII are described in Section 1.a. above. The building and Unit plans for Phases I, II, V, VI and VII are graphically described in the Survey, Plot Plan and Floor Plans which are attached to this Public Offering Statement as an exhibit. The Developer is under no obligation to develop or declare as part of the Resort Facility any phases other than Phases I, II, V, VI and VII. In the event the Developer does elect to develop and declare additional phases, the Developer reserves all rights as set forth in Section 1.a. above.

Parking in the Shared Parking Area and access to Phases V, VI and VII from Calypso Cay Way is provided pursuant to the provisions of the Developer's Cross Easement Agreement. The Owners of Phases V, VI and VII Units only shall pay the Phases V, VI and VII Specific Assessment as a part of the overall Assessments, in order to pay the Developer's Cross Easement Fees as required under the Developer's Cross Easement for purposes of maintenance and repair costs associated with the Runaway Bay Entranceway and the Shared Parking Area and all utility and drainage facilities, roadways, walkways, sidewalks, maintenance facilities, landscaping, parking and any other common facilities located on the overall property currently known as the Runaway Bay Luxury Apartments and Villas. The respective owners of the Shared Parking Area and the Runaway Bay Entranceway shall have exclusive control over the operation of such real property, and any improvements, now or hereafter constructed thereon, including the service gate, and may exercise such control through rules and regulations promulgated regarding use.

The Phase V building contains 10 "Maintenance Rooms" as reflected on the Drawings. The Maintenance Rooms are available for the use by the Association and are prohibited from being used by individual Owners of the Resort Facility.

The Phase VI building contains 10 "Maintenance Rooms" as reflected on the Drawings. The Maintenance Rooms are available for the use by the Association and are prohibited from being used by individual Owners of the Resort Facility.

The Phase VII building contains 10 "Maintenance Rooms" as reflected on the Drawings. The Maintenance Rooms are available for the use by the Association and are prohibited from being used by individual Owners of the Resort Facility.

During the first year after the first sale of a Timeshare Interest in a Unit of Phase VII, the Common Furnishings in the Phase VII Units may not be similar in nature and quality to those in the other Phases of the Resort Facility. Provided a Phase VII Unit Owner reserves its use rights, that Owner shall be allowed at its additional cost, to reserve their comparable time in Phases I, II V or VI based upon availability.

(2) Restrictions on Use

The occupancy, use and enjoyment of Units in the Resort Facility are subject to restrictions as set forth in Article XIV of the Declaration as well as any restrictions that may be set forth from time to time in the Articles of Incorporation or By-Laws of the Association. There are no restrictions against children occupying the Units. As stated in Article XIV of the Declaration, no pets of any type or nature are allowed upon the Common Areas or in any Units except for pets assisting the handicapped such as seeing eye dogs.

In addition to such restrictions, the Association shall have the power to promulgate Rules and Regulations regulating the use and enjoyment of the Units, the Common Furnishings and the Common Areas and other areas of the Resort Facility. The Rules and Regulations so promulgated shall in all respects be consistent with the use covenants set forth in the Declaration. The Association may modify, alter, amend and rescind such rules and regulations provided such modifications, alterations, amendments and rescissions are consistent with the use covenant set forth in the Declaration.

Although it is not anticipated that any maintenance period will restrict occupancy, the Club Manager has the right to reserve periods of time during the Club Priority Reservation Window for purposes of enabling the Association and the Management Company to perform periodic maintenance, such as, but not limited to, repairs, cleaning and painting, as may be necessary to maintain a Unit.

Pursuant to the Club Rules, an Owner shall have a Priority Advantage during the Owners Exclusive Reservation Window to reserve occupancy during the Assigned Week in the same type of Unit as indicated by the fractional interest conveyed, as explained more fully above in Section 1.a(2). During other Reservation Windows, all reservations are only confirmed in Accommodations on a first come, first served basis. Accordingly, ownership of a Timeshare Interest does not guarantee that a reservation for occupancy in a particular Unit or Accommodation can be achieved, and except for the Assigned Week reserved pursuant to the Priority Advantage, a reservation for occupancy during a particular Week cannot be guaranteed.

Subject to the above, each Occupant shall have the exclusive right to occupy a Unit within the Resort Facility during the reserved Use Period, and only during such occupancy shall the Occupant have the right to utilize the Unit, Common Furnishings and the Common Areas as well as the Recreational Facilities, the Association Property and the East Hotel Properties Shared Amenities, the West Hotel Properties Shared Amenities and the Runaway Bay Dock Amenities described in Section 5.b. below (except for Phases V, VI and VII). Notwithstanding the previous sentence, only Owners of a Unit of Phases V, VI and VII shall have the right to utilize, in addition to the facilities identified in the preceding sentence, the Runaway Bay Clubhouse Amenities described in Section 5.b. below and only Owners and Occupants of a Unit of Phases I

and II shall have the right to utilize the East Hotel Properties Shared Amenities and the West Hotel Properties Shared Amenities. No Owner shall occupy a Unit, or exercise any other rights of ownership or use with respect to a Unit, the Common Furnishings and the Common Areas as well as the Recreational Facilities, the Association Property, the East Hotel Properties Shared Amenities, the West Hotel Properties Shared Amenities, and the Runaway Bay Dock or Clubhouse Amenities during any period of time other than a reserved Use Period. Each Occupant shall (i) exercise care over the Unit, Common Furnishings, and Common Areas and leave such property in good condition and repair during his reserved Use Period, (ii) vacate the Unit at the end of the Use Period in accordance with the Club Rules and the provisions of the Declaration, (iii) remove all persons and personal property belonging to the Occupant therefrom, (iv) leave the Unit in good and sanitary condition and repair, and (v) otherwise comply with the Declaration and any rules and regulations of the Association and the Club Rules. The Association shall have the right to promulgate additional rules and regulations affecting the Occupants; provided, however, that such rules and regulations need not be recorded and cannot be contrary to the provisions of the Declaration.

The Units, Common Furnishings and the Common Areas within the buildings containing the Units are not for the use and enjoyment of the public, but are expressly reserved for the private use and enjoyment of the Developer, the Association, the Managing Entity, the Owners and other Occupants in accordance with the Timeshare Plan and the Club Rules. As elsewhere discussed, the portions of the Resort other than the Units and Common Furnishings, including Recreational Facilities, the Association Property and the portion of the Common Areas outside the buildings containing the Units are subject to use rights by others than the Owners and Occupants pursuant to the Cross Easement Agreement.

### (3) Lock-Out Provisions

**OWNERS MAY BE DENIED ACCESS TO THEIR UNITS UPON FAILURE TO PAY ASSESSMENTS IN ACCORDANCE WITH THE PROVISIONS OF SECTION 721.13(6)(A), FLORIDA STATUTES.**

Each Owner is personally liable for all assessments made against his Timeshare Interest pursuant to the Declaration and the Act, and the Association may bring an action for a money judgment against a delinquent Owner to collect all sums due the Association, including interest, late charges, costs, and reasonable attorneys' fees. Such obligation to pay is secured by a lien against the Timeshare Interest which may be foreclosed in accordance with Florida law and could mean the loss of the Timeshare Interest for failure to pay Assessments. Should an owner fail to pay any Assessments as required under the Declaration, the Association shall also have the power to deny to the Owner (and the Occupants occupying in place of the Owner) the right to occupy a Unit and the rights of enjoyment associated with the Timeshare Plan in accordance with the provisions of Section 721.13(6)(f) of the Act. Furthermore, also in accordance with the aforementioned provision of the Act, the Association shall have the power to rent the accommodations at the Resort during the Use Period reserved by a delinquent Owner or exercise the delinquent Owners right to make a reservation for an Use Period and rent such accommodation at the Resort and apply the rental proceeds to the account of the delinquent Owner less any rental commissions, cleaning charges, travel agent commissions or any other commercially reasonable charges reasonably and usually incurred in securing rentals. Moreover,

the Association is not required to obtain the highest nightly rental rate available, nor any particular rental rate. However, the Association must use reasonable efforts to secure a rental that is commensurate with other rentals of similar timeshare periods. The Association may rent less than the entire reserved Use Period. The Association also may bar the use of third parties receiving use rights through the program of the External Exchange Company described below in Section 8 by providing written notice to the External Exchange Company of the denial of use in accordance with the Act.

**b. Completion of Construction**

The completion of construction, finishing and equipping of Phases I, II, V, VI and VII of the Resort Facility has occurred.

Phases other than Phases I, II, V, VI or VII of the Resort Facility may be developed and declared in the future, and may consist of additional Units, Common Areas, Recreational Facilities, and other facilities as Developer may in its discretion decide. Currently, if all proposed future phases are declared to the Resort Facility, it is contemplated that the Resort Facility may contain a total of 211 Units which would be 10,972 Weeks, although the number of Units which are ultimately added to the Resort Facility may be more or less.

**c. Recreational Facilities**

Owners and other Occupants reserving Use Periods in Units of the Resort shall have access to certain facilities which will be shared with others who are not Owners or Occupants of the Resort Facility and those facilities are described in this section.

There are no recreational and other commonly used facilities that will be used only by Purchasers of the Timeshare Plan. Developer does not intend to construct and provide recreational facilities as a part of the buildings or property constituting any phase of the Resort Facilities of which Purchasers will be conveyed a fractional interest as a Timeshare Interest. No recreational facilities have been made as a part of the building or property constituting Phase I, Phase II, Phase V, Phase VI or Phase VII. However, Developer has reserved the right to add recreation facilities as a part of a phase of the Resort Facility in the future, and such recreation facilities may be added or expanded without the consent of the Owners or the Association.

Developer has provided for the Shared Pool Facility in conjunction with Phases I, II, V, VI and VII and may provide for the Proposed Additional Shared Pool Facility in conjunction with future phases of the Resort Facility. The Shared Pool Facility and the Proposed Additional Shared Pool Facility to the extent such latter facility exists are described below and referred to herein as the "Recreational Facilities". The use of the Recreational Facilities will be shared with other users from the Future Development Area pursuant to the Access and Use Declaration and will also be shared with users from the adjacent Hotel Properties pursuant to the reciprocal arrangements established in the Cross Easement Agreement. The amenities in the Hotel Properties made available to Occupants of the Units of the Resort except for the Occupants of the Units at Phases V, VI and VII, pursuant to the Cross Easement Agreement are also described below.

(1) The Shared Pool Facility.

The Developer shall provide for Recreational Facilities consisting of the Shared Pool Facility for which completion of construction has occurred. The Shared Pool Facility is located as shown on the Drawings attached as an exhibit to the Declaration which is in turn an exhibit to this Public Offering Statement. The amenities located on the Shared Pool Facility shall include an outdoor heated swimming pool surrounded by concrete decking. The Shared Pool Facility will also include landscaping and other features which the Developer in its sole discretion may construct on the land as shown on the Drawings. Some amenities may also be constructed in cooperation with the owners of the adjoining Hotel Properties in such a way that some of the amenity may be on the property defined as the Shared Pool Facility and some of amenity may be on the property defined as the Hotel Properties. The area of the Shared Pool Facility may also include commercial improvements such as for the sale of food and beverage which shall not be a facility of the Timeshare Plan but will be owned and operated by Developer or its lessee or grantee but would be available for use by the Occupants of the Resort.

The use of the Shared Pool Facility shall be shared with the users and occupants of both the East Hotel Property and the West Hotel Property pursuant to the terms of the Cross Easement Agreement. Such Hotel Properties are shown on the Drawings. Although use of the Shared Pool Facility is shared with such users and occupiers of the Hotel Properties pursuant to the reciprocal provisions of the Cross Easement Agreement, such users and occupiers and the owners of the Hotel Properties are not required to contribute towards the maintenance, operations and repair of the Shared Pool Facility. However, if any amenities are constructed which exist partly on the respective Hotel Property and partly on the Shared Pool Facility, then the part existing on the respective Hotel Property will be maintained by the owner of the respective Hotel Property.

The Shared Pool Facility is also subject to the Access and Use Declaration which provides that such Recreational Facilities will be shared between users and occupiers of Phases I, II, V, VI and VII and the Future Development Area which may or may not become future phases of the Resort Facility. The Access and Use Declaration also provides that currently the users and occupiers of Phases I, II, V, VI and VII shall share all of the costs for the maintenance, operation and repair of the Shared Pool Facility. The costs for the Shared Pool Facility shall be a Common Expense of the Association.

The Shared Pool Facility is a parcel of real property separate from the Resort Facility and the Owners shall not own any interest in such property directly. The Developer may elect to convey title to the Shared Pool Facility to the Association whereupon such property shall become Association Property subject to the Cross Easement Agreement and the Access and Use Declaration as well as retained leases or easements of the Developer. Whether owned by the Developer or the Association, the Shared Pool Facility is (i) a Common Area of the Resort for which the Association is responsible to perform maintenance, operation and repair, and (ii) is subject to the use rights of the Owners of the Resort Facility as well as others as above described arising by virtue of the Cross Easement Agreement and the Access and Use Declaration. Any mortgage lien on the Shared Pool Facility shall be subordinated to the use rights arising by virtue of the Cross Easement Agreement and the Access and Use Declaration.

(2) The Proposed Additional Shared Pool Facility. In the future, Developer may elect to add, as part of Phase III or as an additional phase of the Resort Facility pursuant to the Declaration, the area described as the Proposed Additional Shared Pool Facility site as shown on the Drawings. Such amenities, constituting an additional swimming pool, deck and other amenities similar to those located on the Shared Pool Facility, have been constructed and are available for use as noted below pursuant to the Access and Use Declaration. Developer has also reserved the right to retain use and control of commercial areas or buildings for its own account.

No purchaser should make a decision to purchase a Timeshare Interest in the Resort Facility based on the assumption that the Proposed Additional Shared Pool Facility will be submitted to the scope of the Declaration.

The Proposed Additional Shared Pool Facility is subject to the Access and Use Declaration. Pursuant to such instrument, the users and occupiers of both the Future Development Area as would then be constituted as well as the Owners of the six phases of the Resort Facility which then would have been dedicated to the Declaration shall share the costs for the maintenance, operation and repair of such facility; provided, however, that unless and until there were users of the Proposed Additional Shared Pool Facility from the Future Development Area not being a phase of the Resort Facility, all such costs will be paid by the Owners of Phases I, II, III, V, VI and VII. If and when there are users of the Proposed Additional Shared Pool Facility from the Future Development Area not being a phase of the Resort Facility, then half of such costs will be paid by the Owners of Phases I, II, III, V, VI and VII and half of such costs will be paid by the owner(s) of the remaining Future Development Area. If Developer should elect not to submit a portion of the Future Development Area to the Timeshare Plan and some other timeshare, condominium or other development is developed on the remaining Future Development Area, then the users and occupiers from such other development would continue to share the use of the Proposed Additional Shared Pool Facility and the costs of its maintenance, operation and repair with the owners of the Resort Facility as provided in the Access and Use Declaration. The share of the costs allocated to the Resort Facility would also be a Common Expense of the Association.

The use of the Proposed Additional Shared Pool Facility is also shared with the users and occupants of both the East Hotel Property and the West Hotel Property pursuant to the terms of the Cross Easement Agreement. Although use of the Proposed Additional Shared Pool Facility is shared with such users and occupiers of the Hotel Properties pursuant to the reciprocal provisions of the Cross Easement Agreement, such users and occupiers and the owners of the Hotel Properties are not required to contribute towards the maintenance, operations and repair of the Proposed Additional Shared Pool Facility. However, if any amenities are constructed which exist partly on the respective Hotel Property and partly on the Proposed Additional Shared Pool Facility, then the part existing on the respective Hotel Property will be maintained by the owner of the respective Hotel Property.

The Proposed Additional Shared Pool Facility is presently a parcel of real property separate from the Resort Facility, and the Owners shall not own any interest in such property directly. The Developer may elect to convey title to the Proposed Additional Shared Pool Facility to the Association whereupon such property would become Association Property subject

to the Cross Easement Agreement and the Access and Use Declaration as well as retained leases or easements of the Developer. Whether owned by the Developer or the Association, the Proposed Additional Shared Pool Facility would be (i) a Common Area of the Resort for which the Association would be responsible to perform maintenance, operation and repair, and (ii) is subject to the use rights of the Owners of the Resort Facility as well as other as above described pursuant arising by virtue of the Cross Easement Agreement and the Access and Use Declaration. Any mortgage lien on the Proposed Additional Shared Pool Facility shall be subordinated to the use rights arising by virtue of the Cross Easement Agreement and the Access and Use Declaration.

(3) The Hotel Amenities.

The reciprocal provisions of the Cross Easement Agreement benefit the Resort by providing that the Occupants of the Units of the Resort, except for the Occupants of the Units of Phases V, VI and VII shall have reciprocal use rights in the amenities of both Hotel Properties. The amenities available pursuant to such reciprocal use rights include facilities at the West Hotel Property and also facilities at the East Hotel Property. The West Hotel Property Shared Amenities are described by the owner of the West Hotel Property as an outdoor heated swimming pool surrounded by concrete decking and also landscaping and other features which the owner of the West Hotel Property will determine in its sole discretion. In addition, there may be other recreational amenities located inside the hotel building on the West Hotel Property which could include game rooms and exercise facilities which would also be available to the Occupants of Units of the Resort. The East Hotel Property Shared Amenities are described by the owner of the East Hotel Property as an outdoor heated swimming pool surrounded by concrete decking and also landscaping and other features which the owner of the East Hotel Property will determine in its sole discretion. In addition, there may be other recreational amenities located inside the hotel building on the East Hotel Property which could include game rooms and exercise facilities which would also be available to the Occupants of Units of the Resort (except for Phases V, VI and VII). The Owners and Occupants of the Units of Phases V, VI and VII do not have use rights in the amenities of either of the Hotel Properties.

The West Hotel Property Shared Amenities and the East Hotel Property Shared Amenities are to be owned by the respective owners of the Hotel Properties. Such amenities are to be used in common with the users and guests of the Hotel Properties. However, the operation, management, maintenance and replacement of such amenities will be the sole responsibility of the respective owners of the Hotel Properties and the costs associated therewith will not be Common Expenses of the Association. The users of such amenities pursuant to the Cross Easement Agreement other than the owners of the respective Hotel Properties are under no obligation to contribute toward such expenses through fees, rent, dues or other charges for the privilege of such use.

The respective owners of the Hotel Properties shall have exclusive control over the operation of their respective amenities and may exercise such control through rules and regulations promulgated regarding use but such rules and regulations must apply equally to the Occupants at the Resort Facility as well as to Hotel occupants.

The West Hotel Property Shared Amenities and the East Hotel Property Shared Amenities are complete.

The Runaway Bay Luxury Apartments and Villas is located to the south across Calypso Cay Way from the Shared Pool Facility shown on the Drawings. The owners and occupants of the Runaway Bay Luxury Apartments and Villas do not have reciprocal rights to use the West Hotel Property Shared Amenities, East Hotel Property Shared Amenities, the Shared Pool Facility or the Proposed Additional Shared Pool Facility. There is no charge associated with the use of the Runaway Bay Dock Amenities by the limited Occupants of the Resort Facility. The Runaway Bay Dock Amenities are complete.

(5) Runaway Bay Clubhouse Amenities. There formerly existed a license agreement pursuant to which certain Owners were entitled to use the Runaway Bay Clubhouse Facilities. At present, no such license exists and accordingly, no right to use the Runaway Bay Clubhouse Facilities exists. If and when a new license agreement is entered into to permit the use of the Runaway Bay Clubhouse Facilities, the following provisions will be substantially incorporated into such license agreement:

Pursuant to the Revocable License, the Owners of Phases V, VI and VII Units only shall also share the Runaway Bay Clubhouse Amenities for a limited period of time with the owners and occupants of the what is currently known as the Runaway Bay Luxury Apartments and Villas, whether such property continues in its present use or is converted to other uses, including its inclusion in the Plan.
